Correction to: Journal of NeuroVirology
<https://doi.org/10.1007/s13365-018-0654-0>

There was an error in the original article. In the last paragraph of the Case Report section, the sentence “One month later, two plasma exchanges were followed by only slight

improvements in upper-limb motor function (Fig. 1).” should have been “One month later, four plasma exchanges were followed by only slight improvements in upper-limb motor function (Fig. 1).”

This error also affected Fig. 1. The corrected Fig. 1 follows.

The online version of the original article can be found at <https://doi.org/10.1007/s13365-018-0654-0>
