Correction to: Dermatol Ther (Heidelb) <https://doi.org/10.1007/s13555-020-00404-9>

The presentation of the numbers of patients in Tables 1 and 3 was adjusted in a small number of cases to be consistent with the National Cancer Institute (NCI) and SEER-Medicare guidelines. Although the data were not changed, their expression was amended. In addition, an acknowledgment of our gratitude to the NCI, SEER, the Office of Research, Development and Information of the Centers for Medicare & Medicaid Services, and the Information Management Services, Inc. has been included.

The original article has been corrected.
