Table I. Number of visits and collected resource of floral visits in *Banisteriopsis campestris* (Bc), *B. malifolia* (Bm), and *Peixotoa tomentosa* (Pt) in the cerrado sensu stricto in CCPIU in Uberlândia, MG, Brazil. In collected resource, (P) - pollen collect, (O) - oil collect, (OP) - oil and pollen collect and additionally, * indicates only robber behavior, ** indicates both robber and pollinator behavior. The symbol absence indicates only pollinator behavior

Floral visitor	Tribe	Code	Number of visits			Collected resource
