Retraction Note to:

Yadav et al. *International Journal of Industrial Chemistry*
2013, 4:6
<https://doi.org/10.1186/2228-5547-4-6>

The Editor-in-Chief has retracted this article [1] because of significant textual overlap with articles with overlapping authors [2, 3, 5, 8]. Additionally, there appear to be a number of overlapping images:

- Figures 4–8 appear to be similar to Figures 9–13 of [3]
- Figures 9–10 appear to be similar to Figures 15–16 of [3]
- Figure 14a appears to be similar to Figure 11(a) in [2], Figure 5a in [4] and
- Figure 9a in [6]
- Figure 14b appears to be similar to Figure 11(b) in [2], Figure 17b in [3],
- Figure 5b in [4] and Figure 9b in [7]
- Figure 14c appears to be similar to Figure 11(c) in [2], Figure 17c in [3] and
- Figure 9c in [7]
- Figure 14d appears to be similar to Figure 11(d) in [2] and Figure 17d in [3]

The data reported in this article are therefore unreliable.

M. Yadav agrees to this retraction. Authors U. Sharma and P. Yadav could not be contacted by the publisher about this retraction.
