Dear Reader,

Welcome to the final issue of *Drug Safety* for 2022.

I wish to reflect on this year's achievements, and to thank all those who have contributed their time and effort to guarantee the quality of the content published in the journal.

I would like to start by thanking the authors of the articles published in *Drug Safety* over the course of 2022. The enthusiasm of all authors for their chosen fields and their willingness to contribute content to the journal are crucial for its continued success.

The high quality of content published in *Drug Safety* has been reflected in the most recent Journal Impact Factor of 5.228 (placing the journal in the first quartile of the Pharmacology & Pharmacy and Toxicology categories) and CiteScore™ of 8.3 (placing the journal in the first quartile of the Pharmacology and Toxicology categories). In 2021, more than 580,000 full-text articles were downloaded. Further, *Drug Safety* has published content in a timely manner, with a median time from submission to first decision of 13 days.

The quality of published articles is also testament to the diligence of the peer reviewers, whose willingness to share their expertise ensures that the journal's content is held to the highest standard. I would like to acknowledge the following individuals who acted as reviewers for *Drug Safety* in the last 12 months:
