Correction to: Drugs (2019) 79:455–462
<https://doi.org/10.1007/s40265-019-01083-3>

An Online First version of this article was made available online at <https://rd.springer.com/article/10.1007/s40265-019-01083-3> on the 8th of March 2019. One error was identified in the article; please note the following:

Page 458, Column 2, Paragraph 5: The following sentence, which previously read:

“The number of daily rescue medication tablets used per week was significantly lower in the triamcinolone acetonide ER group than the triamcinolone acetonide CS group overall [between-group LSM difference – 0.50 (95% CI – 0.78 to – 0.21); $p < 0.001$] and at weeks 2–16, 19 and 20 ($p \leq 0.027$) [28].”

Should read:

“The number of daily rescue medication tablets used per week was significantly lower in the triamcinolone acetonide ER group than the placebo group overall [between-group LSM difference – 0.50 (95% CI – 0.78 to – 0.21); $p < 0.001$] and at weeks 2–16, 19 and 20 ($p \leq 0.027$) [28].”
