The article Triheptanoin in the management of long-chain fatty acid oxidation disorders: a profile of its use, written by Esther S. Kim and Susan J. Keam, was originally published electronically in SpringerLink on 20 March 2021 without open access. After publication online, Ultragenyx Pharmaceutical Inc. requested that the article be Open Choice to make the article an open access publication. Post-publication open access was funded by Ultragenyx Pharmaceutical Inc.
