

ACKNOWLEDGEMENT TO REFEREES

© The Author(s) 2022

Dear Reader,

Welcome to the final issue of *Drugs in R&D* for 2022.

I wish to reflect on this year's achievements, and to thank all those who have contributed their time and effort to guarantee the quality of the content published in the journal.

In 2022, over 30 articles have been published. The high quality of content published in *Drugs in R&D* has been reflected in the most recent Impact Factor of 3.203 and CiteScore™ of 4.3.

I want to thank the authors of the articles published in *Drugs in R&D* over the course of 2022. The enthusiasm of all authors for their chosen fields and their willingness to contribute content to the journal are crucial for its continued success.

The quality of published articles is also testament to the diligence of the peer reviewers. I would like to acknowledge the following individuals who acted as reviewers for *Drugs in R&D* in the last 12 months:

I am also very grateful to the members of the journal's Honorary Editorial Board, who have acted as peer reviewers and authors, and have provided guidance on journal content, policy and processes.

The editorial program for 2023 is well under way, and I am looking forward to bringing you many high-quality and authoritative articles in the field of pharmacology over the coming year.

I thank you for your continued support.

With best wishes,

Anton van Rensburg
