**Correction to: PharmacoEconomics (2018) 36(12):1463–1473**  
<https://doi.org/10.1007/s40273-018-0709-3>

Page 1467, Section 3 (Results), 1st paragraph, final sentence:

The sentence should read, “In addition, the patiromer-spiro­nolactone-ACEI arm was associated with 0.19 greater total expected QALYs gained than the ACEI-only arm (2.79 versus 2.60 QALYs, respectively).”
