Erratum to: Curr Treat Options Infect Dis
DOI 10.1007/s40506-015-0057-1

In the citation for Table 1, “By permission of Oxford University Press (www.oup.com)” should be included, so that the full table legend and citation reads as follows:

Table 1. The basic reproductive number (R_0) for some common infectious agents where the airborne transmission route is significant (By permission of Oxford University Press (www.oup.com), derived from Anderson and May [1991] [88]).
