Correction to:
Eating and Weight Disorders - Studies on Anorexia, Bulimia and Obesity (2020)
<https://doi.org/10.1007/s40519-020-01061-9>

Correction 1

The third paragraph of the Results

With regard to the four FOFM subscales, the Cronbach's alpha coefficients were 0.96, 0.91, 0.88, and 0.93 for AE, RE, AS, and AB, McDonald's omega and the Cronbach's alpha coefficients were 0.96 and 0.96, 0.91 and 0.91, 0.88 and 0.88, and 0.93 and 0.93 for AE, RE, AS, and AB, respectively (Table 3).

Should be replaced by

With regard to the four FOFM subscales, McDonald's omega and the Cronbach's alpha coefficients were 0.96 and 0.96, 0.91 and 0.91, 0.88 and 0.88, and 0.93 and 0.93 for AE, RE, AB, and AS, respectively (Table 3).

Correction 2

The sixth paragraph of the Results

With regard to AE and AS, there was a significant main effect of group ($p < 0.001$), and scores in AN-BP ($p < 0.001$) and in BN/BED ($p < 0.001$) were significantly higher than those in AN-R.

Should be replaced by

With regard to AE and AB, there was a significant main effect of group ($p < 0.001$), and scores in AN-BP ($p < 0.001$)

and in BN/BED ($p < 0.001$) were significantly higher than those in AN-R.

Correction 3

The sixth paragraph of the Results

With regard to AB, there was showed a significant main effect of group ($p = 0.04$), but there was not any significant difference in scores between each pair of the three groups.

Should be replaced by

With regard to AS, there was showed a significant main effect of group ($p = 0.04$), but there was not any significant difference in scores between each pair of the three groups.

Correction 4

Table 3 Explanatory factor analysis and internal consistency of the FOFM

AS: Anxiety about eating with somebody					
I feel anxious when eating around other people	0.07	-0.08	0.94	0.02	0.92
I do not like to eat around other people because they might judge me	0.02	0.05	0.75	0.07	0.73
I do not like to eat in social situations	-0.08	0.15	0.84	-0.03	0.76
AB: Anxiety about body weight and shape					
Eating makes me anxious because I am afraid I might get fat	0.09	-0.03	0.04	0.90	0.95
I worry that eating will make me dissatisfied with my body	0.02	0.01	0.04	0.81	0.73
If I do not eat much because I am worried about my weight	-0.01	0.14	-0.01	0.79	0.76

Should be replaced by

AB: Anxiety about body weight and shape

Eating makes me anxious because I am afraid I might get fat	0.07	-0.08	0.94	0.02	0.92
I worry that eating will make me dissatisfied with my body	0.02	0.05	0.75	0.07	0.73
If I do not eat much because I am worried about my weight	-0.08	0.15	0.84	-0.03	0.76
AS: Anxiety about eating with somebody					
I feel anxious when eating around other people	0.09	-0.03	0.04	0.90	0.95
I do not like to eat around other people because they might judge me	0.02	0.01	0.04	0.81	0.73
I do not like to eat in social situations	-0.01	0.14	-0.01	0.79	0.76

Correction 5

Table 4 Correlation coefficients between each FOFM subscale and other psychological tests

AS	0.47*	0.40*	0.60*	0.46*
AB	0.48*	0.41*	0.62*	0.42*

Should be replaced by

Table 4 Correlation coefficients between each FOFM subscale and other psychological tests

AB	0.47*	0.40*	0.60*	0.46*
AS	0.48*	0.41*	0.62*	0.42*

Correction 6

Table 5 Comparison between patients with eating disorders and the healthy control group

AS	16 (3–21)	6 (3–19)	<0.001
AB	12 (3–21)	3 (3–21)	<0.001

Should be replaced by

Table 5 Comparison between patients with eating disorders and the healthy control group

AB	16 (3–21)	6 (3–19)	<0.001
AS	12 (3–21)	3 (3–21)	<0.001

Correction 7

Table 6 Comparison among patients with eating disorders

AS	9.5 (3–21)	18 (3–21)	18 (10–19)	<0.001	ANBP > ANR, BN/ BED > ANR
AB	8.5 (3–21)	13.5 (3–21)	12 (3–20)	0.04	n.s

Should be replaced by

Table 6 Comparison among patients with eating disorders

AB	9.5 (3–21)	18 (3–21)	18 (10–19)	<0.001	ANBP > ANR, BN/ BED > ANR
AS	8.5 (3–21)	13.5 (3–21)	12 (3–20)	0.04	n.s

Correction 8.

Supplemental Material Table 2 The correlations among four factors

	AS	AB
	0.79	0.78
	0.70	0.71
AS	0.79	0.70
AB	0.78	0.71

Should be replaced by

Supplemental Material Table 2 The correlations among four factors

	AB	AS
	0.79	0.78
	0.70	0.71
AB	0.79	0.70
AS	0.78	0.71
