Erratum to: Behav Analysis Practice
DOI 10.1007/s40617-016-0148-6

The second sentence in the second paragraph of the “Results and Discussion” that reads:

“The caregiver report method produced a much flatter hierarchy, perhaps suggesting to practitioners that multiple stimuli could be used as potential reinforcers.”

should read:

“The equal amounts method produced a much flatter hierarchy, perhaps suggesting to practitioners that multiple stimuli could be used as potential reinforcers.”

The authors regret this error.
