### Erratum to: J Endocrinol Invest (2014) 37:99–112 DOI 10.1007/s40618-013-0019-8

In the published original article, in Table 6, column “References” and column “Child”, some information are not published correctly. The correct table is given here.

In the title of Table 4 the right sentence should be: “adapted from Ref. 51”.

In the title of Table 5 the right sentence should be: “adapted from Ref. 54 and 55”.

In the notes of Table 4 and 5 the right sentence should be: “Data on worldwide general population regarding spontaneous abortion have been extrapolated from Sedgh et al. [94]”.
