The late *Brigitte Haar*, an esteemed member of our Editorial Board and the University of Frankfurt Law Faculty, was fascinated by law and finance. In recognition of her stimulating role in research and teaching, *Birgitta Wolff*, *Katharina Pistor*, *Klaus J. Hopt*, *Casimiro A. Nigro*, *Jörg R. Stahl*, *Wolf-Georg Ringe*, *Mark Fenwick*, *Joseph A. McCahery* and *Erik P.M. Vermeulen* have contributed to this issue. *Brigitte Haar* also had a penchant for exploring uncharted waters, urging colleagues and students to take a fresh look at established beliefs. It is in this spirit that she would have enjoyed reading the articles by *Olha O. Cherednychenko* and *Qingxiu Bu*.
