<https://doi.org/10.1007/s40870-016-0071-5>

Table 1 had incorrect densities for the RH and Poly samples. The correct density for RH samples is $1.1892 \pm 0.0003 \text{ g/cm}^3$. The correct density for Poly samples is $1.1842 \pm 0.0004 \text{ g/cm}^3$. The authors thank Christopher Neel from the Air Force Research Laboratory for bringing this error to our attention.

Additionally, there is an error in Eq. (6). 1.7576×10^{-2} should be 1.7576×10^{-7} .
