The original version of this article unfortunately contained a mistake. A sentence under the heading ‘Study 2: Confirmatory Factor Analysis’ read as ‘However, two items from the Interpersonal Action scale (Action 4 and Action 5) loaded below 0.40 and thus were removed from the scale’, the sentence should have read as ‘However, two items from the Interpersonal Action scale (Action 6 and Action 7) loaded below 0.40 and thus were removed from the scale’.

The original article has been corrected.
