Correction to:
Biophysical Economics and Sustainability (2020) 5:9
<https://doi.org/10.1007/s41247-020-00074-3>

The original version of this article unfortunately contained a mistake. Figure 5 was incomplete. The two series and label lines for “Les Oluges, Catalonia & Valles County,

Catalonia” were missing. In addition, part of the red line connecting the global AAF results was also missing. The correct version of the Fig. 5 is given below.

The original article has been corrected.

The original article can be found online at <https://doi.org/10.1007/s41247-020-00074-3>.

Fig. 5 The review of the estimates for the gross EROI of regional agroecosystems from selected studies (a subset of those in Table 1). Exceptions are the Net EROI of France and the Net EROI of global AAFF calculated in this analysis. This figure omits forestry, aquaculture and fishing agroecosystems as there were insufficient studies estimating how their EROI changed over time
