Correction to: J. Indian Inst. Sci.

<https://doi.org/10.1007/s41745-021-00237-1>

In the article titled “Climate Change Impacts on Himalayan Biodiversity: Evidence-Based Perception and Current Approaches to Evaluate Threats Under Climate Change” Section 2 included an error. The second line of the section should be disregarded. The edited version should include - Each section had a different keyword; for section 3 we used keywords like Paleoclimatic history, Himalaya, LGM, Pleistocene, past climate, Himalaya + uplift, etc.

Funding information was inadvertently omitted from the recent article due to a mistake. ND acknowledges DST, Govt. of India for DST

INSPIRE Faculty Award grant number DST/INSPIRE/04/2018/001587.

Also, the in the “Method” section, the sentence “We used Google Scholar to review published papers on climate change in the Himalaya. Each section had different keyword; for section I”

Is corrected as

“We used Google Scholar to review published papers on climate change in the Himalaya. Each section had different keyword; for section 3.....”

The original article has been corrected.
