Correction to:
European Geriatric Medicine 8 (2017) 240–244
<https://doi.org/10.1016/j.eurger.2017.04.003>

The authors regret: A calculation error was detected in algorithm to obtain score norms showed in Table 3. A predicted value for education was wrongly introduced, slightly affecting the normative scores. The normative scores have been recalculated using the correct predicted value and the corrected scores are displayed below (new Table 3). The modifications do not affect other results, main conclusions or discussion points included in the original manuscript. The authors would like to apologize for any inconvenience caused.

The original article can be found online at <https://doi.org/10.1016/j.eurger.2017.04.003>.
