Dear readers,

In the originally published version of this article, there is a mistake in the first line of the abstract.

...In this paper, we attribute the conduction mechanism in $(1-x)\text{Pb}(\text{NO}_3)_2:x\text{CeO}_2$ composite solid electrolytes due to the hopping of...

It should read as follows:

...In this paper, we attribute the conduction mechanism in $(1-x)\text{Pb}(\text{NO}_3)_2:x\text{Al}_2\text{O}_3$ composite solid electrolytes due to the hopping of...

The present composites are investigated with Al_2O_3 as dispersoid.

We apologize for this error
