The original article contains the following errors:

1. There is a typing mistake in the **Introduction** section. In the last line of the 7th paragraph the size of the antenna is specified as $30 \times 60 \text{ mm}^2$. This should be $34 \times 60 \text{ mm}^2$.
2. In Table 1, some parameters and dimensions were incorrectly specified. The corrected table is shown below.
3. The two subfigures of Fig. 25 were incorrectly placed. The corrected Fig. 25 is shown below.
