Correction to: Mining, Metallurgy & Exploration

<https://doi.org/10.1007/s42461-021-00483-y>

The authors apologize for some omissions in the original article:

Section 2 — Konsuln Mine Ventilation System, 2nd paragraph.

Add “The design was created by Kiruna mine ventilation team, Ms. Stina Klemo and Mr. Joakim Jonasson, in cooperation with a consultant, Mr. Tomas Bolsöy from EOL Vent Mining AB” after “The system is designed to supply approximately 100 m³/s of fresh air into the mine for a production rate of 0.8 Mtpa”.

Section 4.2 – Estimation of Ventilation Power Cost Using VentSim Design Software, 1st paragraph.

Add “,based on the model created by Mr. Tomas Bolsöy from EOL Vent Mining AB” after “The model was calibrated beforehand, as described in [26]”.

Acknowledgements Add “and providing information regarding the original design of Konsuln mine ventilation and heating system” after “for her assistance in data collection for this study”

Publisher's Note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.
