Correction to:
CCF Transactions on High Performance Computing
<https://doi.org/10.1007/s42514-021-00070-z>

In this article the following corrections have been made

- Removed the last keyword.
- In the 10th–13th line of the fifth paragraph of Section 1 Introduction, the last sentence should be “The mismatch between hardware and software designs becomes even more challenging (Wang et al. 2020).”
- In the 2nd–3rd line of the last paragraph of Section 1 Introduction, delete the sentence.
- Delete Section 3.
- In the Section 5 Parallel VPC customized with Tianhe, the 1st paragraph should be “Based on the serial VPC, we design parallel VPC in Tianhe, and we use multi-process and multi-thread to achieve parallelism.”

- In Section 6.2 Experimental setup, the 1st paragraph should be “We have implemented VPC in Tianhe exascale prototype system.”
- In 5th–6th line of the 3rd paragraph of Section 8 Conclusion and future work, it should be “Based on the serial VPC, we design parallel VPC in Tianhe.”

The original article has been corrected.
