## Publisher Correction: CCF Transactions on High Performance Computing

<https://doi.org/10.1007/s42514-022-00110-2>

Inadvertently, during the production process of the article (Chen et al. 2022), reference citations were mistakenly typeset in both numbered and author/year formats. For this journal, cite references in the text should be by name and year in parentheses. The original article has been corrected. We apologize for any inconvenience caused to the readers.
