Funding Information Funding for this study was provided in part through an unrestricted contract with the Canadian Forces Morale and Welfare Services.

Compliance with Ethical Standards

Conflict of Interest Chen and Garces declare that they have no conflict of interest. Aiken, Cramm, Kurdyak, and Mahar received an unrestricted research contract from the Canadian Armed Forces Morale and Welfare Services to complete this project. Cramm has received unrelated research funds from Calian. Ouellette and Manser are employed by the Canadian Armed Forces Morale and Welfare Services.
