Correction to: Journal of Soil Science and Plant Nutrition
<https://doi.org/10.1007/s42729-021-00498-w>

There was an error in notation in two places in this article as originally published:

In Figs. 5 and in the first paragraph in the section titled as **3.2 Soil Nutrient Availability**, the notation for nitrate should have been NO_3^- instead of $\text{NO}_3^=$.

The original article has been corrected.

Publisher's note Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.

The online version of the original article can be found at <https://doi.org/10.1007/s42729-021-00498-w>
