Due to a typesetting error in the layout of the reference list in the article “Do modern stock exchanges emerge from competition? Evidence from the “Belgian Big Bang” <https://link.springer.com/article/10.1007/s43253-022-00,069-4>, the reference “—— (2022) Pourquoi ici et maintenant ? La transformation des marchés financiers belges à l’aune du réalisme critique de Margaret Archer. Louvain Papers on Democracy & Society 83” is attributed to Coenjaerts T, while it is written by Duterme T.

So, the line “—— (2022) Pourquoi ici et maintenant ? La transformation des marchés financiers belges à l’aune du réalisme critique de Margaret Archer. Louvain Papers on Democracy & Society 83” should be included under the line “Duterme T (2021) Comment émerge un indice boursier ? Histoire du BEL 20. Revue Française De Socio-Économie 27:157–174.” and linked with the quote in footnote 7 (“For a discussion, based on Margaret Archer’s model, of other elements (including the horizon of the single European market and financial computerisation), see Duterme (2022).”).

The original article has been updated.
