ERRATUM

Erratum to “Estimation of drag forces caused by natural woody vegetation of different scales”

[Journal of Hydrodynamics, 2014, 26(4)]

JALONEN Johanna, JÄRVELÄ Juha

Department of Civil and Environmental Engineering, Aalto University, Espoo, Finland

ARTICLE INFO	ABSTRACT
Article history: Received March 5, 2014 Accepted: April 30, 2014	This is the erratum to the article [JALONEN Johanna, JÄRVELÄ Juha, Journal of Hydrodynamics, 2014, 26(4)]. In pages 610 and 621 the drag coefficients are corrected.

In pages 610 and 621 the drag coefficients should be:

$$C_{D,bulk} = C_{D\chi} / u_{\chi}^{\chi},$$

$$C_{D,S} = C_{D\chi,S} / u_{\chi,S}^{\chi_S},$$

$$C_{D,F} = C_{D\chi,F} / u_{\chi,F}^{\chi_F},$$

and all have the unit of $(\text{m/s})^{-\chi}$.

Subsequently, the sentence in page 610 below Eq.(8) should read: “The drag coefficients correspond to $C_{D,S} = C_{D\chi,S} / u_{\chi,S}^{\chi_S}$ and $C_{D,F} = C_{D\chi,F} / u_{\chi,F}^{\chi_F}$, and have units of $(\text{m/s})^{-\chi_S}$ and $(\text{m/s})^{-\chi_F}$, respectively.”
