ERRATUM

In the article, "Mass Spectrometry in the Mid-1930's: Were Chemists Intrigued?" by S.H. Bauer, which appeared in the Account and Perspective section of the September issue of JASMS (*J. Am. Soc. Mass Spectrom.* **2001**, 12, 975–988), the author's last name was misspelled. An additional "a" was added to Dr. Bauer's name (Bauera) as a result of a printer's error. The correct spelling is S.H. Bauer. The publisher deeply regrets the error and conveys its apologies to the author.
