

**KYOTO '92 INTERNATIONAL
CONFERENCE ON BIOLOGICAL MASS
SPECTROMETRY**

*Kyoto International Conference Hall, September
20-24, 1992*

The conference is organized under the auspices of the Mass Spectroscopy Society of Japan and the Japanese Society for Biomedical Mass Spectrometry. The scientific program will cover (1) Instrumentation, (2) Methods, and (3) Applications in Biochemistry, Environmental Chemistry, and Medicine. The program will consist of oral and poster presentations in English. Provisional registration forms will be mailed to North American scientists. Additional copies can be obtained by contacting either:

The Secretariat of BMS Kyoto '92
c/o Institute of Physics
College of General Education
Osaka University
Toyonaka, Osaka 560 Japan
Tel: 81-6-844-1151 (ext. 5230 or ext. 5231)
Fax: 81-6-855-7621

or

Michael L. Gross
Department of Chemistry
University of Nebraska
Lincoln, Nebraska 68588-0304
Tel: 402-472-2794
Fax: 402-472-3109

Kyoto was the capital of Japan between the 8th and 19th centuries and is a center of art and culture with many temples and picturesque landscapes. Kyoto is approximately one hour from Osaka International Airport.

Time Schedule:

Second Circular	Fall 1991
Deadline for Abstracts	March 31, 1992
Advance Registration	May 31, 1992
Last Minute Contributions	July 31, 1992
Conference	September 20-24, 1992

EUCHEM CONFERENCE

Storlien, Sweden, December 9-11, 1991

The Swedish National Committee for Chemistry and the University of Uppsala are organizing the EUCHEM Conference on Capillary Electrophoresis, December 9-11, 1991, in Storlien, Sweden. Contact Dr. Agneta Sjögren, The Swedish National Committee for Chemistry, Wallingatan 26, S-111 24 Stockholm, Sweden, for application/registration data. Phone: 46-8-115260; Fax: 46-8-106678.

**4TH LAKE LOUISE WORKSHOP ON
TANDEM MASS SPECTROMETRY**

*Lake Louise, Alberta, Canada, November 21-23,
1991*

The workshop will include invited and contributed talks and poster presentations in five areas of research:

- Tandem mass spectrometry using ion traps
- Combining chromatography with tandem mass spectrometry
- Tandem mass spectrometry of multiply charged ions
- Environmental applications
- Biomedical applications

For further details contact Dr. P. W. Brooks, Geological Survey of Canada, 3303 33rd Street N.W., Calgary, Alberta T2L 2A7. Tel.: 403-292-7042/7041; FAX: 403-292-5377; or Dr. S. J. Gaskell, Baylor College of Medicine, One Baylor Plaza, Room 826E, Houston, TX 77030. Tel.: 713-798-4722; FAX: 713-799-2469.
