

## **PUBLISHER'S ANNOUNCEMENT**

### **PUBLISHING REVIEWS**

We are publishing review articles and a special section on the Proceedings of the Conference on Integrated Pest Management (IPM) and the African Farmer which was held at the International Centre of Insect Physiology and Ecology (ICIPE), Nairobi, Kenya, on 22–26 May 1989 in Volume 10 Number 6 (1989).

The review articles come from renowned scientists in various fields of Insect Science Research, such as Insect Immunity, Chemical Ecology, Pest Management, Genetic Engineering, Tsetse Behaviour, Biology and Ecology of Ticks, Leishmaniasis, etc.

This will provide you with the most up-to-date reference material in your area of research! Get yourself a copy.
