Erratum

The following is a correction to page 134 for the paper “Stress-induced pyroelectric properties of devitrified fused quartz in elevated temperature” by Mikio Fukuhara and Asao Sampei in Volume 12, Issue 2 February 2001 of the *Journal of Materials Science: Materials in Electronics*.

Equation (1)

$$\left(\frac{\partial D}{\partial T}\right)_{\sigma} = \left(\frac{\partial D}{\partial T}\right)_{\varepsilon} + \left(\frac{\partial D}{\partial \varepsilon}\right)\left(\frac{\partial \varepsilon}{\partial T}\right)_{\sigma} + \left(\frac{\partial D}{\partial T}\right)_{\varepsilon}$$

Equation (3)

$$\left(\frac{\partial D}{\partial T}\right)_{\sigma} = \left(\frac{\partial D}{\partial \sigma}\right)_{\mathrm{T}}\left(\frac{\partial \sigma}{\partial \varepsilon}\right)_{\mathrm{T}}\left(\frac{\partial \varepsilon}{\partial T}\right)_{\sigma}$$
