Errata

In “Effect of carbon fibers on the thermophysical properties of TiC composites” by Gui-Ming Song, Yu Zhou, Suk-Joong L. Kang, and Duk-Yong Yoon, *Journal of Materials Science Letters*, Volume 21, Number 22: On page 1734, right column, second segment, the sentence “The thermal diffusivities and thermal conductivities of the C_f /TiC composite and monolithic TiC at various temperatures from 100 to 1300 °C are shown in Figs 3 and 4, respectively” should have read “The thermal diffusivities and thermal conductivities of the C_f /TiC composite and monolithic TiC at various temperatures from 100 to 1300 °C are shown in Figs 4 and 5, respectively.”

Figure 5 was also inadvertently left out of the published paper. Please find it below.

Figure 5 The temperature dependence of the thermal conductivity of C_f /TiC composite and monolithic TiC.
