Hun Shik Kim, 'Media, the public, and freedom of the press',
Social Indicators Research 62, 63, pp. 345–364 (2003).

Due to a regrettable combination of failures, the above paper was published without incorporating the author's corrections which has made it necessary to reprint the article in its entirety. In the last pages of this issue we reproduce an updated revised version of the original article, which should be treated as definitive by the reader.
