

## ERRATA

At the request of A. A. Makarov, the author of the article “Control System for a Winding Machine” [No. 1, p. 85 (2000)], we are printing the corrected version of the system of Eqs. (5):

$$F\omega_b(E\omega_{pr}) = \begin{cases} U_1 & \text{for } E\omega_{pr} < -E\omega_{pr.max} \\ 0 & \text{for } E\omega_{pr} = 0 \\ -U_1 & \text{for } E\omega_{pr} > E\omega_{pr.max} \\ -K_1 E\omega_{pr} & \text{for } |E\omega_{pr}| \leq E\omega_{pr.max} \end{cases} \quad (5)$$
$$F\omega_{pr}(E\omega_{pr}) = \begin{cases} -U_2 & \text{for } E\omega_{pr} > -E\omega_{pr.max} \\ 0 & \text{for } E\omega_{pr} = 0 \\ U_2 & \text{for } E\omega_{pr} > E\omega_{pr.max} \\ K_2 E\omega_{pr} & \text{for } |E\omega_{pr}| \leq E\omega_{pr.max} \end{cases}$$
