

ERRATUM

A Model to Calculate What a Remote Sensor 'Sees' of an Urban Surface by A. Soux, J. A. Voogt and T. R. Oke, *Boundary-Layer Meteorology* **111**, 109–132, 2004.

The quality of the figures of this paper was poor. In the next pages we have included the manuscript again, now with good-quality figures.

The Publisher much regrets the poor quality and any inconvenience it may have caused the authors.
