South Australian Department of Health Research Award

Subjects: Medical and health sciences or public health and health services

Purpose: To undertake a research project relevant to the health of South Australians, the South Australian health system, or the health-related targets in South Australia's Strategic Plan

Eligibility: Applicants must have achieved Honours 1 or equivalent, or Honours 2a or equivalent. Only citizens of Australia or permanent residents can apply

Level of Study: Postgraduate

Type: Scholarship

Value: AU\$19,231 per year

Length of Study: 3 years

Frequency: Annual

Country of Study: Australia

Application Procedure: Applicants must apply directly to the university

Closing Date: 31 October

For further information contact:

Tel: (61) 8 8201 3115

Fax: (61) 8 8201 5175

Email: scholarships@flinders.edu.au

The Jack Loader Top-Up Scholarship

Subjects: Dementia

Purpose: To encourage research into dementia, in particular Alzheimer's Disease, and related disorders and/or the consequences of these diseases

Eligibility: Applicants must be Australian citizens or permanent residents of Australia and be enrolled full time in a research degree at one of the South Australian universities. Applicants should have received an Australian Postgraduate Award or equivalent University Scholarship

Level of Study: Graduate

Type: Scholarship

Value: AU\$8,000

Length of Study: 12 months

Frequency: Annual

Application Procedure: Check website for further details

Closing Date: 31 October

Funding: Foundation

Contributor: The Rosemary Foundation for Memory Support Inc and Alzheimer's Australia South Australia

For further information contact:

Email: jmck1279@bigpond.net.au

University Hall Dean's Scholarship

Subjects: All subjects

Eligibility: Applicants must be resident in University Hall and enrolled in a degree course at the Flinders University at the time of application. Only citizens of Australia or New Zealand living in Australia over 1 year can apply

Level of Study: Graduate

Type: Scholarship

Value: AU\$2,000 per year

Length of Study: 1 year

Frequency: Annual

Country of Study: Australia

Application Procedure: Applicants must apply directly to the scholarship provider

Closing Date: 20 October

For further information contact:

Tel: (61) 8 8201 3115

Fax: (61) 8 8201 5175

University Hall Eurest Overseas Study Scholarship

Subjects: All subjects

Purpose: To enable full-time students residing in University Hall, who have demonstrated outstanding aptitude for

research, to undertake a period of further study or research in approved universities or other institutions outside Australia

Eligibility: Applicants must have lived in University Hall for a period of not less than one academic year, have gained unqualified support for his/her supervisor for the proposed overseas visit, have gained approval from the overseas institution that he/she is acceptable for the proposed period of study and have demonstrated a suitable academic record in the previous academic year

Level of Study: Postgraduate

Type: Scholarship

Value: AU\$2,500

Length of Study: 1 year

Frequency: Annual

Application Procedure: Applicants must contact the Higher Degree Administration and Scholarships Office and University Hall for application forms and further information

Closing Date: 20 October

For further information contact:

Email: finders.housing@finders.edu.au

Winifred E. Preedy Postgraduate Bursary

Purpose: The scholarship may be used for conference attendance, the purchase or hire of equipment, fees incurred because of study commitments, short-term assistance with living expenses, or any other purpose that will assist with the completion of the postgraduate qualification

Eligibility: Applicants have the following selection criteria: 1. Women who are enrolled at an Australian university and are Australian citizens or permanent residents. 2. Must be enrolled in a Masters Degree or a PhD in dentistry or a related field. 3. Must be Australian citizens or permanent residents. 4. Must be past or present students in the Dental School at the University of Adelaide. 5. Must have completed at least one year of their postgraduate degree. 6. Must not be in full-time paid employment or on fully-paid leave during the tenure of the Bursary. 7. Must not have previously won the Winifred E. Preedy Postgraduate Bursary. Selection of winners is based primarily on academic merit, but also on the importance of the purpose for which the scholarship will be used to the progress or completion of the degree

Level of Study: Postgraduate

Type: Bursary

Value: Varies

Frequency: Annual

Country of Study: Australia

Application Procedure: Selection of winners is based primarily on academic merit, but also on the importance of the

purpose for which the scholarship will be used to the progress or completion of the degree, on financial need as well as community activities and other interests

Closing Date: 29 March

Funding: Private

Additional Information: Funds are provided from the bequest of Winifred E. Preedy BDS (1901-1989), the second woman to graduate BDS in the University of Adelaide

Chronic, Noncommunicable Diseases and Disorders Research Training (NCD-Lifespan)

Purpose: The Chronic, Noncommunicable Diseases and Disorders Across the Lifespan: Fogarty International Research

Training Award program supports collaborative research training between institutions in the United States and low- and middle-income countries (LMICs), defined by the World Bank classification system

Eligibility: 1. Applications from United States institutions must demonstrate collaborations with institutions in the low- and middle-income countries (LMICs), defined by the World Bank classification system, named in their application. 2. Foreign applications will only be accepted from LMIC institutions. 3. Only foreign LMIC institutions may apply for the D71 planning grant. 4. United States applicants must identify at least one scientist from each LMIC institution as the main foreign collaborator for that institution

Level of Study: Graduate

Type: Research grant

Frequency: Annual

Country of Study: Any country

Closing Date: 14 March

Funding: Private

Ernst Mach Grant for Young Researchers

Purpose: 1. The Ernst Mach grant is named after the famous Austrian physicist. Student and young researchers from foreign universities are invited to apply for this grant to come to Austria for research. 2. It promote research cooperation

Eligibility: 1. Very good knowledge of English/German

Level of Study: Graduate

Type: Grant

Value: For graduates with Ph.D degree the value is €1,150

Frequency: Annual

Country of Study: Any country

Application Procedure: 1. Applicants who seek admission to an university in Austria have to contact the institution of their choice. 2. The selection process for all grants is competitive, i. e., there is no legal claim to a grant even if all the application requirements are fulfilled. 3. Short-term grants(1-3 months) have a priority in the period from January to June. When

applying for a short-term grant therefore consideration should be given primarily for a period of January to June

Closing Date: 30 September

Funding: Private

The Ford Foundation was established on 15 January, 1936, with an initial gift of US\$25,000 from Edsel Ford, whose father Henry, founded the Ford Motor Company. During its early years, the foundation operated in Michigan under the leadership of Ford family members. Since the founding charter stated that resources should be used 'for scientific, educational and charitable purposes, all for the public welfare,' the foundation made grants to many kinds of organizations.

Ford Foundation Predoctoral Fellowships for Research-Based PhD or ScD Programs in United States of America

Subjects: Fellowships will be made for study in research-based PhD or ScD. programs that include the following major disciplines and related interdisciplinary fields: American studies, anthropology, archaeology, art and theater history, astronomy, chemistry, communications,

computer science, cultural studies, earth sciences, economics, engineering, ethnic studies, ethnomusicology, geography, history, international relations, language, life sciences, linguistics, literature, mathematics, performance study, philosophy, physics, political science, psychology, religious studies, sociology, urban planning, and women's studies. Also eligible are interdisciplinary ethnic studies programs, such as African American studies and Native American studies, and other interdisciplinary programs, such as area studies, peace studies, and social justice. Research-based fields of education are eligible if the major field of study is listed above and is used to describe the PhD or ScD program of the applicant (e.g. sociology of education, anthropology, and education). **Purpose:** The fellowships are available for pursuing predoctoral level

Eligibility: All citizens, nationals, and permanent residents (holders of a Permanent Resident Card) of the United States, and individuals granted deferred action status under the Deferred Action for Childhood Arrivals Program, regardless of race, national origin, religion, gender, age, disability, or sexual orientation; individuals with evidence of superior academic achievement (such as grade point average, class rank, honors or other designations); individuals committed to a career in teaching and research at the college or university level; individuals enrolled in or planning to enrol in an eligible research-based (dissertation-required), program leading to a PhD or ScD degree at a non-proprietary United States educational institution. For detailed information, please check website

Level of Study: Research

Type: Fellowship

Value: Annual stipend: US\$20,000. Award to the institution in lieu of tuition and fees: US\$2,000. Expenses paid to attend at least one Conference of Ford Fellows

Length of Study: 3 years

Country of Study: United States of America

Application Procedure: The mode of applying is online

Closing Date: 14 November

Contributor: Ford Foundation

Forum Transregional Studies

Wallotstrae 14, DEU 14193, Berlin, Germany

The Forum Transregional Studies in Berlin is a research organization on the content internationalization of the humanities and social sciences. The forum offers scope for cooperation between scientists with different regional and disciplinary perspectives and offers the opportunity to test and develop research ideas and projects.

Forum Transregional Studies Postdoctoral Fellowships for International Students

Subjects: It especially invites scholars from Islamic, Asian, African, Australian, European art histories and the art histories of the Americas, to join the program, but also addresses neighboring disciplines such as Archaeology, Anthropology, History, Aesthetics and other fields dealing with the history of visual and material cultures

Purpose: By creating a space of dialogue for university and museum scholars from all regions, it aims to discuss the potentials and contours of a plural history of art

Eligibility: International students are eligible to apply for this fellowship. Applicants whose first language is not English are usually required to provide evidence of proficiency in English at the higher level required by the University

Type: Postdoctoral fellowship

Value: In particular cases, shorter fellowship terms may be considered. Postdoctoral fellows will receive a monthly stipend of € 2,500 plus supplements depending on their personal situation. Organizational support regarding visas, insurances, housing, etc. will be provided. Successful applicants become fellows of the program Art Histories and Aesthetic Practices at the Forum Transregionale Studien and are expected to take up residence in Berlin

Country of Study: Germany

Application Procedure: PDF files: 1. a curriculum vitae (in English). 2. a project description (no longer than five pages / in English). 3. a sample of scholarly work (about 20 pages of an article, conference paper, or dissertation chapter) names of two referees (including their e-mail addresses). The complete application should be submitted latest by 15 January and addressed to arthistories_application@trafo-berlin.de

Closing Date: 15 January

Additional Information: For more details please browse the link scholarship-positions.com/forum-transregional-studies-postdoctoral-fellowships-international-students-germany/2017/12/13/

Foundation for Digestive Health and Nutrition

4930 Del Ray Avenue, Bethesda, MD 20814, United States of America

Tel: (1) 301 222 4002

Fax: (1) 301 222 4010

Email: awards@fdhn.org

Website: www.fdn.org

Contact: Ms Wykenna S.C.Vailor, Research Awards Manager

The Foundation for Digestive Health and Nutrition is the foundation of the American Gastroenterological Association (AGA), the leading professional society representing gastroenterological and hepatologists worldwide. It is separately incorporated and governed by a distinguished board of AGA physicians and members of the lay public. The Foundation raises funds for research and public education in the prevention, diagnosis, treatment and cure of digestive

diseases. Along with the AGA, it conducts public education initiatives related to digestive diseases. The Foundation also administers the disbursement of grants on the behalf of the AGA and other funders.

American Gastroenterological Association Fellowship to Faculty Transition Awards

Subjects: Medical science, specifically gastroenterology and hepatology

Purpose: To prepare physicians for independent research careers in digestive diseases

Eligibility: Applicants must be MDs or MD/PhDs currently in a gastroenterology-related fellowship, at a North American institution and committed to academic careers. They should have completed at least 2 years of research training at the start of this award. Women and minority investigators are strongly encouraged to apply. Applicants must be AGA Trainee Members or be sponsored by an AGA Member at the time of application

Level of Study: Postgraduate

Type: Award

Value: US\$40,000 per year

Length of Study: 2 years

Frequency: Annual

No. of awards offered: 8

Application Procedure: Applications can be downloaded from the AGA Foundation website. The completed application, letters of support or commitment and other documents must be submitted as one PDF document, titled by the applicant's last name and first initial only. Hard copies are not permitted. For further information visit the AGA Foundation website

Closing Date: 31 August

Funding: Private

Contributor: The AGA

No. of awards offered last year: 4

No. of awards applicants last year: 8

Additional Information: The award provides salary support for additional full-time research training in basic science to acquire modern laboratory skills. The additional 2 years of research training provided by the award would broaden the scope of investigative tools available to the recipient, generally in basic disciplines such as cell or molecular biology, or immunology. A complete financial statement and scientific progress report are required annually and upon completion of the programme. All publications arising from work funded by this programme must acknowledge support of the award

Foundation for Liberal and Management Education University

Gat No. 1270, Lavale, Off. Pune Bangalore Highway, Pune, Maharashtra 412115, India

Contact: Foundation for Liberal and Management Education University

FLAME University is a private, coeducational and fully residential university, anchored in liberal education located in Pune city in the state of Maharashtra. Earlier it was known as FLAME – Foundation for Liberal and Management Education.

Foundation for Liberal and Management Education University Scholars Program

Subjects: Scholarships are awarded to study the students offered by the university

Purpose: The scholarship is designed to give students an opportunity to further their education at FLAME University

Eligibility: Students from India are eligible to apply

Type: Postgraduate scholarships

Value: FLAME University offers a range of scholarships that recognize the inherent excellence and distinctive attributes of students ensuring that FLAME attracts the brightest of minds. In addition, merit, need-based and special scholarships are provided with that may range from partial to full fee waivers

Study Establishment: Scholarships are awarded to study the students offered by the university

Country of Study: India

Application Procedure: To be considered for the scholarship, students need to email the supporting documents of achievements at admission-at-flame.edu.in. FLAME University's Scholarship Committee will evaluate your application and make the final decision

Additional Information: For more details please browse the website scholarship-positions.com/flame-university-scholars-program-india/2017/11/17/
