Correction to: Secur J <https://doi.org/10.1057/s41284-018-0154-1>

Due to an unfortunate oversight an error occurred in the sentence “A Bookings Institution report by Carr and Doleac (2016) provides a more scientifically grounded non-reporting estimate of 12% of gunfire incidents.”

The sentence should be read as follows:

“A Brookings Institution report by Carr and Doleac (2016) provides a more scientifically grounded reporting estimate of 12% of gunfire incidents.”
