**Correction to: *Development*, 2012, 55(1), (96–103)**  
<https://doi.org/10.1057/dev.2011.113>

**Publisher's Note** Springer Nature remains neutral with regard to jurisdictional claims in published maps and institutional affiliations.

Due to an unfortunate oversight the sentence “Our interviews found that the design of local climate change targets is an area where community participation is adequate.” contains a typo.

It should read:

Our interviews found that the design of local climate change targets is an area where community participation is inadequate.

The original article has been corrected.
