Student Paper Session

1990 SEM Spring Conference

June 4-6, 1990
Albuquerque, New Mexico

SEM is sponsoring a student paper session at the 1990 SEM Spring Conference. This forum provides an opportunity for students to present preliminary results of their research. The session is open to students at any stage of their research. The format is a 15-minute talk followed by a five-minute question period. The session time will be announced.

Interested students are invited to send the title and 50-200 word abstract of their proposed presentation to:

Robert Reese
SEM
7 School Street
Bethel, CT 06801

Abstracts must be received no later than April 2, 1990.

The titles of accepted abstracts will be printed in the final conference program. At their discretion, authors may bring copies of their abstracts to distribute during the session.

The American Society of Naval Engineers (ASNE) is offering scholarships to encourage college students to enter the field of naval engineering and provide support to naval engineers seeking advanced education in the field. Scholarship awards of \$2,000 are offered to selected candidates who meet the following requirements: (1) Candidate will be applying for support for either the last one or two years of a full-time (or co-op) undergraduate program or one year of a master's program leading to an engineering or physical science degree in an accredited college or university; (2) Candidate must be a United States citizen; and (3) Candidate must have demonstrated or expressed a genuine interest in a career in naval engineer-

ing. Selection will be based on the candidate's academic record, work history, professional promise and interest in naval engineering, extracurricular activities, and recommendations of college faculty, employers and other character references. Applications must be received by February 15, 1990. For further information contact the ASNE office at American Society of Naval Engineers, 1452 Duke Street, Alexandria, VA 22314-3404; (703) 836-6727.
