
CALL FOR PAPERS

The Fourth International Conference on Residual Stresses ICRS — 4

June 8-10, 1994
The Stouffer Harborplace Hotel
Baltimore, Maryland USA

Organized by The Society for Experimental Mechanics, Inc. — USA

Invited Cosponsors:

- Arbeitsgemeinschaft Wärmebehandlung und Werkstofftechnik - Germany
- ASM International - USA
- Association Technique de Traitement Thermique - France
- Deutsche Gesellschaft für Metallkunde - Germany
- Deutscher Verband für Materialforschung und -prüfung - Germany
- Societe Francaise de Metallurgie - France
- The Institute of Materials - UK
- The Minerals, Metals and Materials Society - USA
- The Society of Materials Science - Japan
- The Swedish Society for Materials Technology - Sweden

This Conference will deal with all aspects of internal and residual stresses in materials, advancing the theoretical and experimental analyses and promoting a comprehensive understanding of the fundamental and applied aspects. You are invited to participate, in and offer papers for, ICRS - 4. All aspects of residual stresses and related subjects will be represented.

Topics Include:

- Residual Stresses in Advanced Materials
- Generation of Residual Stresses in Innovated Processing
- Modern Technology of Stress and Strain Measurement
- Modeling and Computation of Residual Stresses and Strains
- Engineering Utilization.

Submission of Abstracts:

Individuals who wish to have their papers considered for presentation at ICRS-4 should submit two copies of a 500-word abstract. The abstract should be on one 21 x 29 cm or 8 1/2 x 11 in. page beginning with the title, author(s) name and affiliation and full address, in English, by **JANUARY 15, 1993**. Send abstracts to: Dr. Michael James, SEM, Inc., 7 School Street, Bethel, CT 06801 USA; (203) 790-6373; Fax (203) 790-4472.

The deadline for submission of full length papers is **NOVEMBER 1, 1993**. Proceedings will appear in a hardbound volume to be distributed at the conference.

For more information contact SEM, 7 School St., Bethel, CT 06801; (203) 790-6373; Fax (203) 790-4472.
