ERRATA

**Erratum: “On Measurements of the Refractive Index
Dispersion in Porous Silicon”
[*Optics and Spectroscopy* 93 (1), 132 (2002)]
M. I. Strashnikova**

The first of formulas (2) should read $n = -\frac{\lambda^2}{2d\Delta\lambda}$.

The values of the refractive index plotted along the vertical axis in Fig. 4 should read 1.300, 1.304, 1.308,
