ERRATA

**Erratum: “Correlated Complex Exponential Wave Functions
for Atomic–Molecular Systems”
[*Optics and Spectroscopy* 93, 833 (2002)]**

T. K. Rebane and A. A. Kuzminskii

The sentence “We consider the functional (5), where L is a self-consistent operator bounded from below and M is a positive definite self-conjugate operator” on page 834, right column should read “We consider the functional (5), where L is a self-adjoint oper-

ator bounded from below and M is a positive definite self-adjoint operator.”

MAIK “Nauka/Interperiodica” regrets the mistake in the translation.
