ERRATA

Erratum: “Strong Cosmic-Ray Scattering in an Anisotropic Random Magnetic Field”

[*Astron. Lett.* 31 (3), 186 (2005)]

Yu. P. Mel’nikov and I. N. Toptygin

1. On p. 187 (left column), the phrase in line 20 from the top should read as “...the cosmic medium for $R_1 \leq L...$ ”.

2. On p. 189 (left column, line 8 from the top of the first paragraph), J rather than I should be used to denote the Bessel function in the unnumbered formula and in the subsequent text:

$$J_n(\rho) \exp \left[i n \frac{\pi - \beta}{2} \right] = \sum_{k=-\infty}^{+\infty} J_{n+k}(z) J_k(z) \exp[ik\beta],$$

where $\rho = 2z \sin(\beta/2)$ and $J_n(\rho)$ is the n th order Bessel function.
