On page 205, Table 1, the 9th row from the bottom in the column R should read “Diameter of spherical sample, μm ” instead of “Radius of spherical sample, μm .”

On page 209, the bottom part of Table 2 (for the elements Y, Er, Tm, and Lu), in the second subcolumn of column R , the 2nd row should read “ $B_{11} \times 10^3, \text{\AA}^2$ ” instead of “ $B_{11} \times 10^8, \text{\AA}^2$ ” and the 4th row should read “ $D_{1122} \times 10^8, \text{\AA}^2$ ” instead of “ $D_{1122} \times 10^4, \text{\AA}^2$.”

On page 209, Table 2, in the second subcolumn of column R , the 6th row should read “ $C_{123} \times 10^6, \text{\AA}^2$ ” instead of “ $C_{123} \times 10^3, \text{\AA}^2$.”
