Due to a technical error, electronic supplementary material was missing in five articles of this issue:

**Increased Water-Vapor Content in the Atmosphere
of Tropical Latitudes as a Necessary Condition for the Genesis
of Tropical Cyclones**

E. A. Sharkov, Ya. N. Shramkov, and I. V. Pokrovskaya

DOI: 10.1134/S0001433812090162

**Effect of Mesoscale Atmospheric Vortex Processes on the Upper
Atmosphere and Ionosphere of the Earth**

V. G. Bondur and S. A. Pulinets

DOI: 10.1134/S0001433812090034

**Observation of Eddy Structures in the Baltic Sea with the Use
of Radiolocation and Radiometric Satellite Data**

S. S. Karimova, O. Yu. Lavrova^a, and D. M. Solov'ev

DOI: 10.1134/S0001433812090071

**Mapping Forest and Peat Fires Using Hyperspectral Airborne
Remote-Sensing Data**

V. V. Kozoderov, T. V. Kondranin, E. V. Dmitriev, and V. P. Kamentsev

DOI: 10.1134/S0001433812090083

**Carbon Monoxide Emissions in Summer 2010 in the Central Part
of the Russian Plain and Estimation of Their Uncertainties
with the Use of Different Land-Cover Maps**

A. N. Safronov, E. V. Fokeeva, V. S. Rakitin, L. N. Yurganov, and E. I. Grechko

DOI: 10.1134/S0001433812090150
