NOTES, CHRONICLES, INFORMATION

**XI International Conference “Systems for Design,
Technological Preparation, Production, and Control
over the Life Cycle of an Industrial Product”
(CAD/CAM/PDM-2011)**

DOI: 10.1134/S0005117911080133

TOPICS OF THE CONFERENCE:

- Organizing the structures of technical and software means of design and control. Means of interaction, data structures, international standards.
- Computer graphics and CAD/CAM/PDM systems in education (education programs for the corresponding disciplines, methodical materials, testing). Virtual reality in industrial systems.
- Integrated industrial systems and control for technological processes. PDM systems.
- Design in engineering and construction.
- Design in radioelectronics.

ORGANIZERS:

- Russian Fund for Basic Research (RFBR)
- Russian Academy of Sciences (RAS)
- Ministry of Education and Science of Russian Federation
- Trapeznikov Institute of Control Sciences of the RAS
- Khrunichev State Space Scientific-Industrial Center (FGUP GKNPTs)
- Moscow Technical University of Communication and Computer Science (MTUSI)
- Rocket Space Center “Energy” (RKTs)
- Moscow State Technical University “Stankin”
- International Academy of Informatization

KEY DATES:

Up to September 15, 2011—conference and/or demo session participation application, registration fee transfer, abstracts of the talks (at most one A5 page).

Up to October 1, 2011—full versions of the talks.

We accept applications, abstracts, and talks at the following address: **conf18@spm.ipu.ru**

CURRENT INFORMATION (application forms, proceedings templates, etc.) is on
<http://lab18.ipu.rssi.ru>

CONFERENCE LANGUAGES: Russian, English

ORGANIZING COMMITTEE CONTACTS: 117997, Russia, Moscow, ul. Profsoyuznaya 65,
ICS RAS, Organizing Committee of the CAD/CAM/PDM-2011 Conference.

Phone (495) 334-93-50; fax (495) 334-91-29.

Chair: Artamonov Evgenii Ivanovich, Sc.D., Prof.

Secretary: Smirnov Sergei Vladimirovich, Ph.D.
