(Submitted April 7, 2011; accepted for publication April 7, 2011)

DOI: 10.1134/S0040579511220015

The title of the article should read as follows:

Application of Synthesis Gas as a Fuel Additive
Onboard the Vehicle: State of the Art and Prospects

The list of authors should read as follows:

V. N. Parmon^a, V. A. Kirillov^a, V. A. Sobyenin^b,
V. A. Burtsev^c, V. K. Emelyanov^d, N. A. Kuzin^a,
V. V. Kireenkov^a, and Yu. A. Amosov^a

The affiliation of V.A. Burtsev should read as follows:

^c OOO Gazomotor-R, Rybinsk, Yaroslavl oblast,
152934 Russia

The caption to Fig. 7 should read as follows:

Effect of synthesis gas added to gasoline on the (a) thermal efficiency Q (MJ/h) and (b) toxic emissions of the VAZ-21102 engine depending on the gasoline and synthesis gas consumption. Operation conditions: $n = 2185$ rpm, $Pe = 0.2$. Fuel: (a) (1) gasoline, (2–4) gasoline + synthesis gas; (b) (1, 4) gasoline, (2, 3, 5, 6) gasoline + synthesis gas. Synthesis gas consumption (m^3/h): (2) 5.8, (3) 7.35, (4, 5) 8.4, and (6) 9.2. Gasoline consumption: 0.9–1.4 kg/h.

The legend on the top of Fig. 8 should read as follows:

dashed line—gasoline, solid line—gasoline + hydrogen
