On page 353, right column, formula next after (22) should be read $z_t = (|1 - \nu|k_1 t)^{1/(1-\nu)}$.

On page 353, last paragraph in right column: The passage *B.P. Budro and B.R. Rudik* should be read *B.P. Boudreau and B.R. Ruddick*.

On page 357, formula next after (30) should be read $\beta(n, n') \approx \beta_0 n^{3/d}$.
