In the abstract to the paper by E. Poluektova “Molecular Analysis of Some Genes from Plasmid p19 of the *Bacillus subtilis* 19 Soil Strain Involved in Conjugation,” (Russ. J. Genet., 2008, vol. 44, no. 5, p. 539), the sentence “Inactivation of ORF4 and ORF1 by insertional mutagenesis caused a three-to-fivefold decrease in the frequency of plasmid p19 conjugative transfer” should read “Inactivation of ORF4 and ORF1 by insertional mutagenesis caused a decrease by 3–5 orders of magnitude in the frequency of plasmid p19 conjugative transfer.”
